

Join the Movement: Stand Up for Women and Girls

Canadians are **frustrated!** The voices of women and girls are being ignored, and their hard-earned rights are being eroded. Women's and girls' spaces, protections, and the acknowledgment of our biological sex have been compromised by policies prioritizing gender identity over the needs and safety of women and girls.

What's at Stake:

-  The right to single-sex spaces and services
-  The protection of women and girls in sports
-  The defense of biological realities in law and policy
-  The preservation of women's health and safety in a rapidly changing world

Make Your Voice Heard:

This is a call to action for all Canadians who believe in upholding the sex-based rights of women and girls. We will not be silenced. Let's come together and demand that our rights be respected in the upcoming election.
